

**Are you struggling to understand the 'new' math?  
Frustrated with how to help your kids with homework?**

Two NY elementary school teachers (who are also parents and contributed to the common core math curriculum) have developed resources to help make sense of math for parents and teachers. These new resource books are available on Amazon for \$17.95 but are being offered at a **reduced price of \$15.00** as a PTO fundraiser. If interested, please return the bottom half of this page and make checks out to Eagle PTO. Order forms can be submitted through October 7.

When the books are received, you will be notified that they are ready to be picked up at the school. (A copy of each book is available for review in the main office.) Please email [saraphelps76@gmail.com](mailto:saraphelps76@gmail.com) with any questions.

**Thinking Math Differently - An Essential Guide for Parents and Teachers**

**ORDER FORM**
