EVALUATION OF ADMINISTRATIVE STAFF

The Board of Education (the Board) of the Bethlehem Central School District (the District) views the evaluation of administrators as an essential growth tool for improving the District’s overall ability to meet its educational objectives. To this end, the evaluation process for all administrators will be conducted on a yearly basis and will be directly related to their approved job descriptions. The format of the evaluation will be centered on performance standards keyed to the administrator’s job responsibilities.

Performance standards will be developed at the beginning of each school year and agreed upon by the administrator and his/her supervisor. At the end of the school year, a joint appraisal will be conducted between the administrator and his/her supervisor to gauge the administrator's success in meeting the performance standards.
