BETHLEHEM CENTRAL SCHOOL DISTRICT

USE OF FACILITIES – GENERAL GUIDELINES

July 2010

INTENT

The following provides general guidelines regarding the use of District facilities throughout the year. This is not intended to be a complete listing of the rules and regulations surrounding building use. We strive to make our facilities as available as possible, but not to the detriment of the district's academic, athletic, maintenance and custodial programs.

FACILITY SCHEDULING

Any group wanting to utilize the school facilities outside of the normal school day must submit a Request For Use of School Property form to the school's main office for approval. The scheduling of rooms or fields at a school is the responsibility of the school's main office. This is typically done in conjunction and consultation with the head/lead custodian at the building. The forms can be received from the main office and should be submitted to the school office at least ten (10) days in advance of the requested date. Appropriate time is necessary for the approval process to be completed, the overtime posted (if necessary) and the coordination of staff.

SCHOOL YEAR

The district facilities are NOT permitted to be used during the school day by outside or town groups. Also, facilities are typically not to be scheduled and used by groups during dances, exam weeks, election days, plays and open houses. In addition, the High School Gyms will be made available and must be scheduled around the school's competitive sports program. The following times are established based upon the custodial coverage and the time necessary to clean and open/secure the facility before and after an activity. Please note that the general start times listed below may vary depending upon season, school activities and athletic events. Users should check with the Main Office.

General Start Time:

<u>High School</u>	<u>Middle School</u>
